Deears Gamal, Jihan, Lobna and Noha Sadat:

*DEARER Beloved Gamal Jihan Lobna & Noha*

I just became aware of shocking and saddened news in hospital, that your beloved mother lady Jehan Sadat passed away.

Most honorable President Sadat and lady Jehan were wonderful persons with a great sense for peace and amity. We the Iranian nation treasure the special kindness, great hospitality that was devoted toward our Nation. We do not forget the times President Sadat and lady Jehan spent together in Iran and amity with the Iranian Nation.

The world and I, as a witness, never forget; how wonderfully President Anvar Sadat and the nation of the ancient land of Egypt at a time no country was willing to receive us, welcomed us, a memory which is deeply anchored in the collective memory of Iranians. We and the world never forget the generosity and bigheartedness toward our beloved country and entire civilized world, will always remember, the historic hospitality.

President Sadat and most honorable lady Jehan, were both amazing persons and led a remarkable life. I feel so lucky to have the honour and privilege of knowing them. What a great, brilliant, generous, and pleasant people your parents were.

Your parents made the world a better place. I will forever cherish my

memories of the times that we shared together, and forever miss them.  
As we grieve lady Jehan Sadat's loss, we celebrate your parents' memory and rededicate ourselves to the values to which they devoted their extraordinary life. They will be greatly missed.

We Iranians pay homage to president Sadat and Mrs. Sadat. I too.

*I Wish you a Toa Noble Beloved*
